

How To Access Zipform6 Professional (Online version) From Within NTREIS Listings MLS

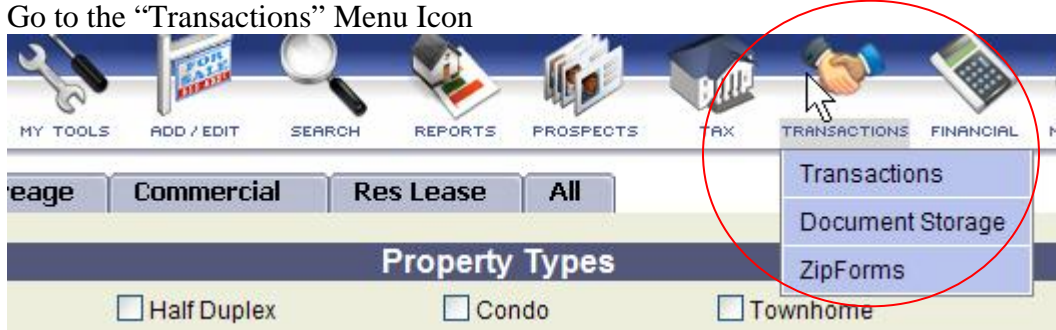

You have to have an Active MLS Login and have an Active ZF6 Online account:

Step 1.

Login to NTREIS Listings normally

Step 2.

Go to the “Transactions” Menu Icon

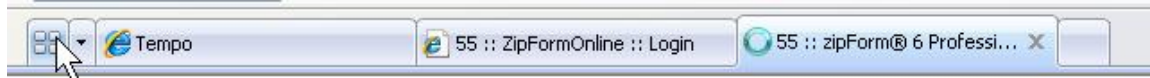

Step 3.

Select “Zipforms” from the drop-down menu

Step 4.

Zipform will open 2 new Tabs or Windows. The second Tab\Window will be ZF6 Professional (online).

You are now logged in to Zipform6 Professional

Note: If you receive a “Zipform Error” message on the first Tab\Window, this means that ZF and NTREIS do not match ID information and you will have to call ZF support at 1-586-840-0140
